

CENTRI

TRAINING INFORMATION

ABOUT OUR COMPANY

CENTRI WAS FOUNDED TO ADDRESS THE LACK OF QUALITY, PRACTICAL, AND AFFORDABLE DEFENSIVE CYBERSECURITY TRAINING ON THE MARKET.

We've collaborated with top industry professionals and security leaders to forge training and certifications that impart real-world, applicable knowledge to students.

Our training develops more capable defenders who truly understand security operations both theoretically and practically.

OUR CLIENTS

WE HAVE TRAINED THOUSANDS OF INDIVIDUALS
FROM SECURITY TEAMS AROUND THE WORLD.

We have clients in government, military, law enforcement, critical national infrastructure, financial institutions, managed security providers, consultancies, healthcare, and multi-billion dollar private organizations.

COMPLETE IN 4 MONTHS

Training and exam price

£399* + VAT

Common Use Cases

1. The vast majority of our clients use BTL1 as a standard for all of their analysts, baselining their skills and demonstrating professional development.
2. Our clients use BTL1 as part of their internal promotion pipeline, identifying when analysts have the skills to move to a more senior position.

BLUE TEAM LEVEL 2

ADVANCED SECURITY OPERATIONS

Security operations training course and certification exam that teaches students real-world, applicable skills and knowledge across 4 advanced domains:

- Malware Analysis
- Threat Hunting
- Advanced SIEM
- Vulnerability Management

For full information on this course: centri.org/certifications/blue-team-level-2

INCLUDES 5 MONTHS OF ON-DEMAND ACCESS, 120 LAB HOURS, AND 2 CERTIFICATION EXAM ATTEMPTS. DISCOUNTS START AT 3 STUDENTS.*

COMPLETE IN 4 MONTHS

Training and exam price

£1,999* + VAT

Common Use Cases

1. Our clients provide BTL2 training to allow analysts to gain the skills to move into Tier 2/Tier 3 roles.
2. Our clients use BTL2 to baseline their Tier 2/Tier 3 analysts, proving they have the necessary skills and demonstrating professional development.

CERTIFIED SECURITY OPERATIONS MANAGER

CSOM is designed to forge technical managers that already have experience and exposure to security operations. CSOM will develop you in both management principles and technical skills.

- Modern Security Operations
- Building a Security Operations Team
- Capability Development
- Metrics, Maturity, and Measuring Success

For full information on this course: centri.org/certifications/certified-security-operations-manager

INCLUDES 6 MONTHS OF ON-DEMAND ACCESS, 100 LAB HOURS, AND 2 CERTIFICATION EXAM ATTEMPTS. DISCOUNTS START AT 3 STUDENTS.*

200+
LESSONS, VIDEOS,
ACTIVITIES AND QUIZZES

On-demand access

COMPLETE IN 6 MONTHS

Training and exam price

£1,999* + VAT

Common Use Cases

1. Our clients use CSOM to train their security managers, ensuring they possess both the technical and strategic skills and knowledge to mature their SOC.
2. Our clients provide CSOM to senior analysts so they can better understand how SOCs are run to provide additional support when needed.

CERTIFIED JUNIOR DETECTION ENGINEER

Developed by veteran cybersecurity practitioners from government, finance, tech, and managed detection and response, CJDE gives early-career detection engineers the practical skills and foundational knowledge needed to succeed in modern security operations environments.

- Threat Intelligence Integration
- Yara and Sigma Essentials
- Zeek Essentials
- Detection Rule Creation and Tuning

For full information on this course: centri.org/certifications/certified-junior-detection-engineer

INCLUDES 4 MONTHS OF ON-DEMAND ACCESS, 120 LAB HOURS, AND 2 CERTIFICATION EXAM ATTEMPTS. DISCOUNTS START AT 5 STUDENTS.*

ENGINEERING EXAM

Average time to complete

40-60 HOURS

On-demand access

COMPLETE IN 4 MONTHS

Training and exam price

£399* + VAT

Common Use Cases

1. Our clients provide CJDE training to Tier1/Tier 2 analysts and responders to allow them to fine tune their detections.
2. Our clients use CJDE in a holistic competency management framework to prove detection engineering skillsets.

RANSOMWARE:

NEGOTIATION AND THREAT INTELLIGENCE

Designed to prepare professionals to effectively handle ransomware incidents. From understanding the foundations of ransomware to engaging in negotiation simulations, participants will gain practical insights into managing cyber extortion scenarios. They'll also use real-world commercial tools, such as Validin for attack surface management and Crystal Intelligence for blockchain forensics.

- Ransomware Foundations
- Response Preparation
- Ransomware Threat Intelligence
- Ransomware Considerations
- Negotiation Tactics During Contact
- Ransomware Negotiation Simulation

Successful participants will receive a certificate of completion and Credly badge. Please note that this is a paid-for training course, not a full certification.

For full information on this course: centri.org/courses/ransomware-negotiation-and-threat-intelligence

INCLUDES LIFETIME ACCESS. DISCOUNTS START AT 5 STUDENTS.*

CORPORATE BENEFITS AND DISCOUNTS

We train security teams around the world, offering a range of benefits and functionality to the organizations we work with.

Corporate discounts are offered based on the volume of licenses purchased in one transaction.

Organizations save up to 15% on BTL1 and 20% on BTL2!

LET'S TALK

We would love to understand your requirements and demonstrate our learning platforms to you and your team. We can also answer any and all questions you have about our services!

[GET A QUOTE IN SECONDS ↗](#)

TEAM LEADER DASHBOARDS

Manage unlimited in-house teams from a centralized platform. View metrics as your team progresses through our training, labs, and exams.

PRIORITY MARKING & SUPPORT

Your students will receive priority support when they need help, and quicker exam marking for BTL2.

ACCOUNT MANAGER

Your Account Manager will understand your requirements, help plan training pathways, and assist you with any queries.

BUY NOW, USE LATER

All products purchased can be held for 12 months, allowing you to issue training when you're ready.

PLEASE NOTE THAT THAT WE CONSIDER 5 OR MORE INDIVIDUALS FROM THE SAME ORGANIZATION TO BE A TEAM. THIS MINIMUM REQUIREMENT MUST BE MET TO GAIN ACCESS TO CORPORATE BENEFITS SUCH AS TEAM LEADER DASHBOARDS
